

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?

Does

What behavior have we observed?
What can we imagine them doing?

Political
Analyst/
Researcher

"I need to delve into data to understand the dynamics of the 2019 Lok Sabha Elections."

"A deep quantitative dive will enable me to offer valuable insights and predictions."

"How can I effectively extract meaningful insights from the extensive election dataset?"

"Analyzing candidates' profiles and performance helps in understanding voter behavior."

Commitment to understanding representation gaps, interest in social dynamics, desire for equitable political participation.

Curiosity about electoral dynamics, eagerness to identify trends, pressure to provide accurate predictions.

Collects and organizes data related to candidates, constituencies, parties, and election outcomes.

Collaborates with fellow researchers to validate findings and interpretations.
